## Missouri Department of Conservation

### Fiscal Year 2022 Personnel and Equipment Request Summary

The following is a breakdown of some of the major costs in the personal service and equipment budget categories.

#### **Personnel**

##### Budgeted FTE:

Salaried	1,445 *	Salaried FTE are based on full-time permanent positions.
Salaried - Term	23 <sup>(1)</sup>	Term FTE are based on full-time positions with an end date.
Hourly Labor	278 <sup>(2)</sup>	
Construction Hourly Labor	7 <sup>(2)</sup>	
Total Budgeted FTE	<u><u>1,753</u></u>	

##### Hourly Positions:

976 to 1,300 Hours	110
1,301 to 1,600 Hours	93
Over 1,600 Hours	97

Hourly categories are defined by Office of Administration.

#### **FY 2022 Request**

<b>Equipment</b>	<b>as of</b>	<b>Removed</b>	<b>Replaced</b>	<b>as of</b>	<b>Replacement Guidelines</b>
	<u><u>6/30/2021</u></u>	<u><u>Units</u></u>	<u><u>Units</u></u>	<u><u>6/30/2022</u></u>	
Sedans and Station Wagons	7	1		6	140,000 miles
SUVs and Vans	113	3	2	112	140,000 miles
½ - Ton Pickup Trucks	634	74	74	634	140,000 miles
¾ - Ton Pickup Trucks	230	16	15	229	140,000 miles
Heavy Duty Trucks	179	11	14	182	160,000 miles
Heavy Equipment	137	7	7	137	4,000 - 10,000 hours and/or age and disrepair
Tractors	187	10		177	4,000 - 8,000 hours and/or age and disrepair
Boats	991	15	15	991	1,500 hours and/or age and disrepair
Boat Motors	429	2	2	429	1,500 hours and/or age and disrepair
Trailers	1,217	6	6	1,217	Age and disrepair
ATV/UTV	313	1	1	313	Age and disrepair
<hr/>					
<b>Computer</b>					
Desktops	733	17	17	733	5 years
Laptops	1,302	450	461 <sup>(3)</sup>	1,313	4 years

\* Increase of 1 FTE for IT Virtual Program Support Position

(1) Term includes Protection Agent Trainees for the training class starting in April of FY21.

(2) Calculated full time equivalent (FTE) based on budget divided by \$13.41 average hourly wage (CI \$18.66 average hourly wage) divided by 2,080 hours.

(3) Includes 11 new laptop requests

**Missouri Department of Conservation**  
**Summary of Fiscal Year 2022 Spending Authority Appropriated**

	FY2022
To Office of Administration *	
Legal Expense Fund (HB 5.130)	\$130,000
DOR IT Consolidation Expense & Equipment (HB 5.025)	\$33,197
Worker's Compensation (HB 5.520, 5.525, 5.530)	\$1,327,600
Unemployment Compensation (HB 5.480)	\$100,000
Estimated Social Security Tax (HB 5.450)	\$6,053,337
Estimated MOSERS Retirement (HB 5.465)	\$17,408,538
To State Auditor *	
Personal Service, Expenses and Equipment (HB 12.165)	\$49,751
To Department of Revenue *	
Expenses for Sales Tax Collection Personal Service and EE (HB 4.010 )	\$617,730
Expenses for Postage (HB 4.025)	\$1,343
To Department of Conservation *	
Personal Services (HB 6.600 - HB 6.650)	\$92,758,602
Expense and Equipment (HB 6.600 - HB 6.650)	\$81,994,395
Capital Improvement (HB 2017 Reappropriation)	\$35,480,094
Capital Improvement (HB 2018 Spending Authority for FY2022) **	\$46,635,872
Capital Improvement (HB 2019 Spending Authority for FY2022)	\$18,700,000

\* Appropriations based on Truly Agreed To and Finally Passed.

\*\* Includes reappropriations for maintenance and repair from previous fiscal years.

**Missouri Department of Conservation  
Restricted Trust Accounts as of 03/31/2021**

	Original Balance	Receipts & Expenditures Prior to FY21	FY21 Receipts & Expenditures	FY21 Balance	
James D. Christie Trust	\$16,667	\$33,118	\$114	\$49,900	The Commission established this trust at the July 14, 1976 meeting; its purpose is to receive and disburse funds, for the Christie Conservation Area, in accordance with the guidelines of the estate.
Show-Me Inc./H.H. L.M. Berrier Trust	\$25,000	\$311,978	\$1,112	\$338,090	This trust was established per the Commission Action dated December 20, 1985. All contributions received from Dr. Harry H. & Lina M. Berrier and interest are to be set aside for purchasing land, which will be named in memory of the Berriers.
Beaver Creek State Forest Trust	\$14,300	(\$960)	\$44	\$13,384	This trust was established per the Commission Action dated August 19, 1980, solely for the maintenance of the Beaver Creek Conservation Area Archery Range. Original donation included \$260 cash on hand and two tracts of land consisting of approximately 153 acres and 40 acres.
Ralph and Martha Perry Trust	\$250,022	\$37,951	\$950	\$288,924	This trust estate was originally established per the Commission Action dated December 13, 1971, to maintain, enlarge, improve and make available for public use and enjoyment the conservation and wildlife area known as the Ralph and Martha Perry Memorial Wildlife Area, including adjacent to, adjoining and in the vicinity of that certain tract of land donated during the Grantor's lifetime, which may include land to be acquired in Johnson County, Missouri.
George Wade and June Shelton Trust	\$1,062,751	(\$657,342)	\$1,338	\$406,747	This trust was established per the Commission Action dated November 2, 2007, "...to be used for the purchase, management, and control of a forest or wildlife area in the southern half of the State of Missouri. The acquired land shall be known as the Wade and June Shelton Memorial Conservation Area and the Conservation Commission or its successor shall erect and maintain a suitable marker on the area so designating it."
Bangert Island Trust	\$350,000	\$13,005	\$1,198	\$364,203	This trust was established per the Commission Action dated December 12, 2014 to enter into an agreement between the City of St. Charles and the heirs of Anna Luise and Edwin Kurtz that resulted in "...the ownership of Bangert Island being transferred to the City and the City making reasonable compensation to the Department as mitigation for the transfer of ownership. The Department will use the funds to acquire additional land in the St. Charles County/St. Louis metropolitan area for the conservation of forest, fish, and wildlife and public use."
Bernadette Sieving Trust	\$62,500	\$7,584	\$231	\$70,316	This trust was established by Ms. Bernadette Sieving per her trust dated October 13, 2014. Ms. Sieving was a conservation enthusiast and enjoyed volunteer work at Powder Valley Nature Center. Funds are to be used for the benefit of Powder Valley Conservation Nature Center.
Ted Jones Trust	\$82,047	\$83,185	\$30,470	\$195,702	This trust was established under the terms of the Jones Public Trust to be used for the repair and maintenance of the house and buildings at Prairie Fork Conservation Area with the remaining income to be used as deemed proper.
Eichelberg Trust	\$3,000	\$0	\$8	\$3,008	This trust was established under the terms of the Joint Living Trust of Victor and Eula Eichelberg. No stipulations for how funds are to be used by the Department.
Edward Jones Restricted License Fees	\$225,000	\$0	\$0	\$225,000	This license agreement was established for Edward D. Jones, Co., LP, for continued use of Prairie Fork Conservation Area as set out in the agreement.
Total Restricted Trust Accounts	<u>\$2,091,287</u>	<u>(\$171,480)</u>	<u>35,458</u>	<u>\$1,955,273</u>

## PROGRAM DESCRIPTION

**Department of Conservation**

**HB Section(s):** 6.600

**Program Name:** Habitat Management

**Program is found in the following core budget(s):** Habitat Management

**1a. What strategic priority does this program address?**

Take care of nature

**1b. What does this program do?**

**Terrestrial Habitat Management** - The Missouri Department of Conservation (MDC or Department) manages terrestrial habitat on public land for Missouri citizens by restoring and maintaining healthy land, water, and forests.

MDC is implementing a tiered approach to public land management to prioritize resources efficiently. This tiered approach will guide staff to prioritize where public land management work should occur within a region and encourage citizens and other conservation partners to apply their effort and resources in these priority areas.

Focusing resources in areas with the greatest conservation value will, over time, produce the best yield in conservation benefit for citizens. MDC will continue to promote the benefit of conservation utilizing public land resources through the prioritized and tiered delivery of technical and financial assistance.

Following sound science and the use of established best management practices, the Department works to improve terrestrial habitat on grasslands, prairies, forests, glade, savanna, woodlands and natural areas. This work is accomplished by following the Sustainable Forestry Initiative Standards and the Missouri Comprehensive Conservation Strategy in the management and restoration of habitats, use of prescribed fire, conservation grazing, habitat surveys, and invasive species control and management.

**Aquatic Habitat Management** – The Department manages aquatic habitat on public land and waters for Missouri citizens by restoring and maintaining healthy land, water, and forests.

MDC is implementing a tiered approach to aquatic management to prioritize resources efficiently. This tiered approach will guide staff to prioritize where aquatic management work should occur within a region and encourage citizens and other conservation partners to apply their effort and resources in these priority areas.

Focusing resources in areas with the greatest conservation value will, over time, produce the best yield in conservation benefit for citizens. MDC will continue to promote the benefit of conservation utilizing aquatic resources through the prioritized and tiered delivery of technical and financial assistance.

Aquatic habitat work includes Resource Assessment and Monitoring, habitat surveys, improvement of Aquatic Organism Passage barriers, and aquatic plant and nuisance species control and management. Following sound science and the use of established best management practices, the Department works to enhance streams, lakes, and ponds and their watersheds through erosion control, plantings, and addition of cover and structure to best support aquatic species.

## PROGRAM DESCRIPTION

**Department of Conservation**

**HB Section(s):** 6.600

**Program Name:** Habitat Management

**Program is found in the following core budget(s):** Habitat Management

**1b. What does this program do? (continued)**

**Private Land Conservation** - The Department assists private landowners manage terrestrial and aquatic habitat on their lands by restoring and maintaining healthy land, water, and forests.

MDC is implementing a tiered approach to private land management to prioritize resources efficiently. This tiered approach will guide staff to prioritize where private land management work should occur within a region and encourage citizens and other conservation partners to apply their effort and resources in these priority areas.

Department staff, citizens and other conservation partners will understand the value of focusing resources in areas with the greatest conservation value and, over time, acknowledge the benefit of promoting conservation of private land resources through prioritized and tiered delivery of technical and financial assistance.

Following sound science and the use of established best management practices, the Department will provide technical assistance to private landowners statewide and develop partnerships to address our highest identified priority focus areas. The Department will continue to seek new partnerships to make funding go further while achieving greater results for fish, forest, and wildlife habitat on private lands. In doing so, we will promote the importance of wildlife friendly practices with production agriculture to strengthen a conservation land ethic.

**2a. Provide an activity measure(s) for the program.**

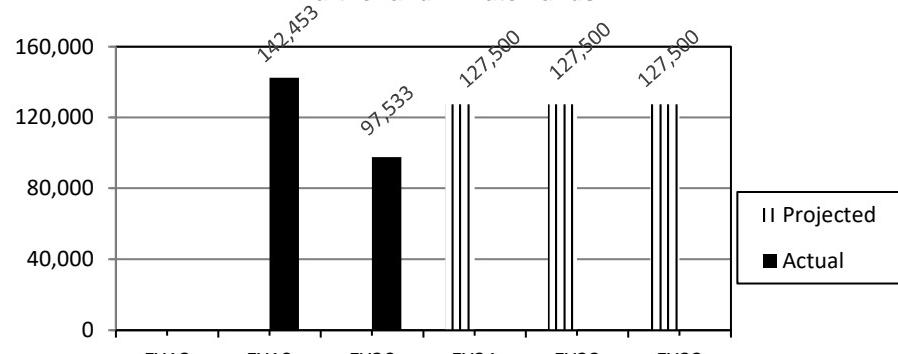

**Acres Actively Managed Outside of Priority Geographies**

*Measure Under Development*

0      FY18      FY19      FY20      FY21      FY22      FY23

**Acres Actively Managed in Priority Geographies on Public, Partner and Private Lands**

Data not available for FY18

\*FY20 actual data is understated as MDC standardizes how Branches track accomplishments.

## PROGRAM DESCRIPTION

Department of Conservation

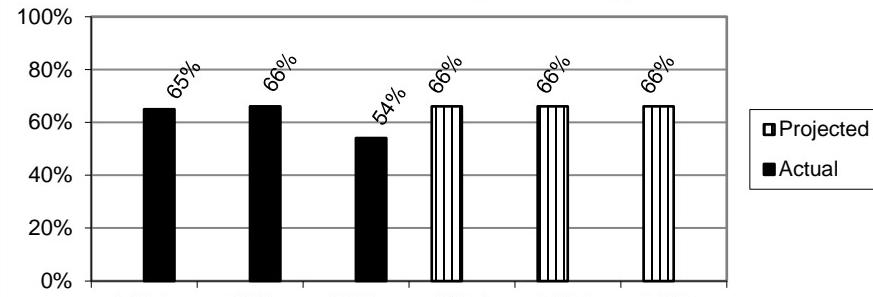

HB Section(s): 6.600

Program Name: Habitat Management

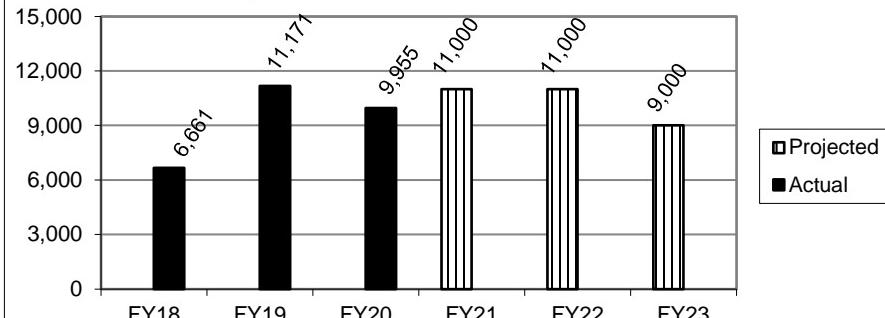

Program is found in the following core budget(s): Habitat Management

### 2a. Provide an activity measure(s) for the program. (continued)

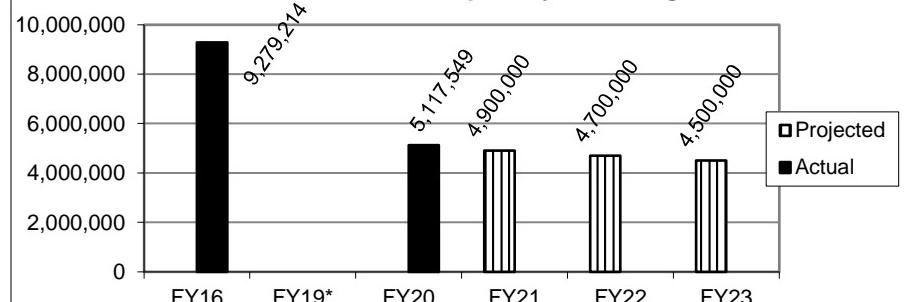

Percent Streams Statewide Rated Excellent/Good -  
Volunteer Water Quality Monitoring

Feral Hogs Removed from Elimination Zones

Acres of Watershed Occupied by Feral Hogs

\*There is no data available for FY19.

This measure is provided in cooperation with USDA APHIS.

## PROGRAM DESCRIPTION

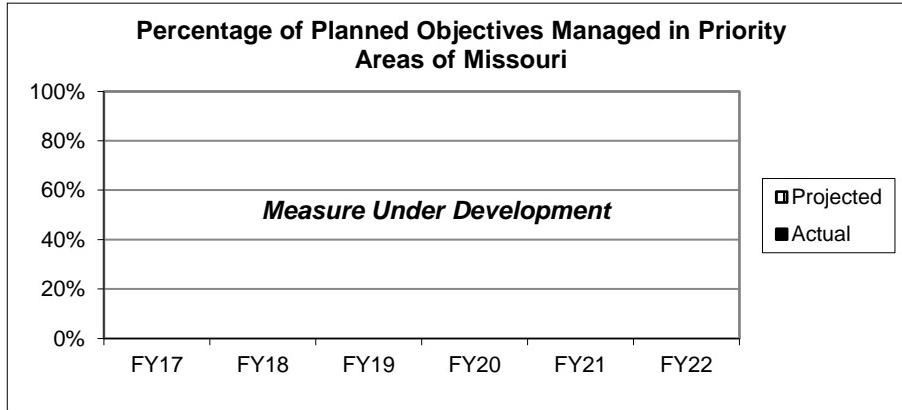

Department of Conservation

HB Section(s): 6.600

Program Name: Habitat Management

Program is found in the following core budget(s): Habitat Management

### 2b. Provide a measure(s) of the program's quality.

### 2c. Provide a measure(s) of the program's impact.

Following sound science and the use of established best management practices, the Department works to improve terrestrial and aquatic habitat on public and private lands across Missouri. This work is accomplished by following the Sustainable Forestry Initiative Standards and the Comprehensive Conservation Strategy to conduct management and restoration of habitats, including the use of prescribed fire, conservation grazing, habitat surveys, and invasive species control and management. Aquatic habitat work includes Resource Assessment and Monitoring, habitat surveys, improvement of Aquatic Organism Passage barriers, and aquatic plant and nuisance species control and management. Following sound science and the use of established best management practices, the Department works to enhance streams, lakes, and ponds and their watersheds through erosion control, plantings, and addition of cover and structure to best support aquatic species.

PROGRAM DESCRIPTION	
<b>Department of Conservation</b>	<b>HB Section(s):</b> <u>6.605</u>
<b>Program Name:</b> Fish & Wildlife Management	
<b>Program is found in the following core budget(s):</b> Fish & Wildlife Management	
<b>1a. What strategic priority does this program address?</b>	
Take care of nature	
<b>1b. What does this program do?</b>	
<b>Fish and Wildlife Species Management</b> - The Missouri Department of Conservation ("MDC" or "Department") manages for healthy and sustainable populations of fish and wildlife for the use and enjoyment by Missouri citizens.	
MDC conducts fish and wildlife research, survey and monitoring, oversees regulations and management of sport fish and wildlife, monitors the health of fish and wildlife populations, and manages for diverse species of fish and wildlife, including the recovery of species of conservation concern.	
Missouri currently provides opportunities for more than 1 million hunters and anglers, and nearly 2 million wildlife watchers. Hunting and fishing recreation annually contributes \$3.3 billion of economic impact to the Missouri economy, supports over 39,000 jobs, and generates over \$200 million in state and local sales taxes. In 2018, wildlife watching in Missouri had an estimated impact of more than \$1.9 million.	
<b>Sportfish Population Management</b> - Research, management, and monitoring of sportfish populations in stream and lakes, and provide technical assistance to private landowners and local, state, and federal governmental agencies. Provide education and information to citizens about sportfish populations through technical and popular written materials, electronic media, presentations to groups, workshops, interviews, and personal contacts. Through this management and education, MDC partners with citizens to protect and provide quality fishing opportunities.	
<b>Wildlife Population Management</b> - Monitors population status and develops population management goals and regulations for the harvesting of many of the high-profile wildlife species, such as deer, turkey, and furbearers, and develops management recommendations for habitat strategies. Directs monitoring and management efforts regarding elk, black bear, and small game. Develops recommendations for management of waterfowl hunting seasons, bag limits and zones, and watershed-floodplain-riparian issues, and wetland management. Integrates biological and social sciences related to wildlife population trends and citizen expectations for wildlife management.	
<b>Diversity Species Management</b> - Provides coordination and leadership for restoration of populations of all fish and wildlife. Maintains and encourages wildlife diversity through natural community management and restoration on Department and private lands.	
<b>Species of Conservation Concern Management</b> - Tracks the status and location of species of conservation concern and ensures that they are carefully documented so that the information can be used by managers, other agencies, and citizens for conservation planning. Coordination research, monitoring and management evaluations for the restoration and recovery of species of conservation concern including endangered species.	

## PROGRAM DESCRIPTION

**Department of Conservation**

**HB Section(s):** 6.605

**Program Name:** Fish & Wildlife Management

**Program is found in the following core budget(s):** Fish & Wildlife Management

### 1b. What does this program do? (continued)

**Aquatic Species Production** - Operation of four warm water and five cold water hatcheries for the rearing of fish needed to stock public waters, waters used for special fishing events, aquatic resource education, and trout parks. Hatchery staff also culture selected species of conservation concern (e.g. hellbenders, Topeka shiners, pallid sturgeon, and mussels).

**Statewide Programs** - Lead strategic planning, design and implementation of a comprehensive wildlife health program within the state; provide information on disease eradication, control and management information; and serve as a liaison on disease issues with other state and federal agencies. Coordinate the sample collection, processing, data analyses and management for the Department's chronic wasting disease monitoring and control effort.

**Wildlife Code Enforcement** - The Missouri Department of Conservation provides citizens the opportunity to enjoy nature while maintaining healthy populations of fish and wildlife by utilizing a community policing approach to increasing voluntary compliance with the Wildlife Code.

The Missouri Department of Conservation employs a community policing approach that utilizes law enforcement and community engagement strategies to protect nature and people, to create partnerships with citizens to solve problems, and to increase public support for Department priorities.

By working cooperatively with partners to educate citizens and enforce regulations designed to protect fish, forest, and wildlife resources, current and future generations will continue to enjoy healthy fish, forest, and wildlife resources. This community policing approach also ensures all citizens have safe and family-friendly conservation areas to enjoy and promotes public safety in areas where people commonly participate in outdoor recreation.

**General Wildlife Code Enforcement** - The primary focus of field staff is to employ community policing strategies to increase public support for Department priorities and to gain compliance with the Wildlife Code of Missouri. This includes conducting resource law enforcement activities, patrolling locations associated with outdoor recreation to provide safe and inviting places for citizens to enjoy nature, creating partnerships with citizens to solve problems, conducting outreach and education activities, responding to natural disasters and law enforcement/public safety emergencies as necessary, assisting landowners with accomplishing habitat management goals, and participating in the monitoring of various populations of fish, wildlife and habitats.

**Special Investigations Unit** - The special investigations unit focuses on addressing illegal commercialization and gross abuse of fish, forest, and wildlife resources. Unit personnel provide technical assistance to field staff on investigations that require specialized skills/equipment, monitor pressure on specific wildlife populations to formulate enforcement strategies to address their exploitation, gather intelligence, and work closely with various local, state, and federal agencies to accomplish Department priorities.

**Commercial Wildlife Unit** - The commercial wildlife unit supports assistance and enforcement efforts related to confined cervids and other confined wildlife. Unit personnel interact with persons holding wildlife in confinement and provide a consistent mechanism for conducting inspections, gathering information, and conducting investigations related to confined wildlife.

## PROGRAM DESCRIPTION

**Department of Conservation**

**HB Section(s):** 6.610

**Program Name:** Recreation Management

**Program is found in the following core budget(s):** Recreation Management

**1a. What strategic priority does this program address?**

Connect people with nature

**1b. What does this program do?**

To connect Missourians with nature, the Missouri Department of Conservation ("MDC" or "Department") implements action plans to help Missourians access recreational areas through Recreation Access Management and partners with communities through Community Conservation.

**Recreation Access Management** - The Department provides Missourians and visitors with public access to nature through management of Conservation Areas and recreation access partnerships across the state. Work includes promoting nature related recreation opportunities and maintaining public use infrastructure features on Department or partner managed lands. Financial assistance for outdoor recreation access is available for landowners through the Missouri Outdoor Recreational Access Program (MRAP) which provides rental payments for allowing public access for hunters and fishers. Financial assistance is available to partners through the Landowner Conservation and Partnership Grants program.

**Community Conservation** - The Department engages with local governments, citizens and partners within municipalities and adjacent developing areas to help connect Missourians with nature and raise awareness of the benefits provided by healthy fish, forest and wildlife resources by promoting conservation of these resources through technical assistance to partners and encouraging commercial and residential development that protects native fish, forest and wildlife. The Department also assists local communities with wildfire prevention and protection by providing training and grant opportunities to organized fire districts for the purchase of equipment and development of preparedness plans.

Community Conservation helps communities value and incorporate natural resource stewardship as part of planning and sustainable growth, creating quality habitat for people and nature. Working with local government, developers and citizen groups to influence the integration of ecosystem services where they live.

Financial assistance for community conservation is available through Department programs such as Tree Resource Improvement and Maintenance Grants (TRIM), Landowner and Community Assistance Program (LCAP), Community Conservation Grants, Land Conservation and Partnership Grants program, Volunteer Fire Assistance Grant (VFA 50/50), Firefighters Workmen's Compensation Grant, and Wildfire Hazard Mitigation Grant.

## PROGRAM DESCRIPTION

**Department of Conservation**

**HB Section(s):** 6.615

**Program Name:** Education & Communication

**Program is found in the following core budget(s):** Education & Communication

**1a. What strategic priority does this program address?**

Connect people with nature

**1b. What does this program do?**

The Missouri Department of Conservation ("MDC") strives to connect people with nature by implementing actions to help Missourians understand and enjoy the value of our fish, forest, and wildlife resources. These actions provide awareness of how to keep conservation resources thriving in the future by: developing a statewide relevancy campaign to showcase the importance of nature in economic vitality and quality of life; delivering efficient and effective nature-based educational programs to diverse audiences; and cultivating partnerships with organizations that build MDC's capacity to deliver conservation.

**Education** - MDC provides education opportunities by delivering efficient and effective nature-based educational programs to diverse audiences; and cultivating partnerships with organizations that build MDC's capacity to deliver conservation. This program provides hands-on connections with the outdoors through skill classes, educational units, nature center programs, workshops, and special events. Staff and volunteers provide local, direct, and indirect learning opportunities for citizens through schools, nature centers, interpretive centers, shooting ranges, and partner organizations. Education efforts are implemented through a variety of methods, including partnerships and grants, classes and workshops, training modules, volunteer and paid instructors, and employee training. Discover Nature programs are tailored for people of all ages, including children and families, and focus on learning outdoor skills such as fishing, hunting, kayaking, archery, and shooting sports. Partnerships with organizations include volunteer opportunities like the Missouri Stream Teams, Master Naturalists, and Forest Keepers, collaboration with individuals and groups for citizen science, landowner workshops and special events, and demonstration efforts for best management practices.

**Communication** - MDC strives to keep conservation relevant in the hearts and homes of Missourians, including sharing the positive impact of the outdoors to our overall health, quality of life, and economic vitality. These communication efforts keep people up-to-date on conservation information and how to connect to nature, including where to fish, hunt, hike, bird watch, and discover nature around the state. Communication efforts include the Missouri Conservationist and Xplor magazines, publications and books, nature photography, and online communications channels such as social media, news releases, audio/video production, marketing, website, podcasts, and mobile apps.

PROGRAM DESCRIPTION	
<b>Department of Conservation</b>	HB Section(s): <u>6.620</u>
<b>Program Name:</b> Conservation Business Services	
<b>Program is found in the following core budget(s):</b> Conservation Business Services	
<b>1a. What strategic priority does this program address?</b>	Maintain public trust
<b>1b. What does this program do?</b>	<p>The Missouri Department of Conservation ("MDC" or "Department") through its <b>Conservation Business Services</b> provides overall administrative oversight of conservation programs and activities to protect and manage fish, forest and wildlife resources of the state; and to facilitate and provide opportunities for citizens to use, enjoy and learn about these resources.</p> <p><b>Conservation Business Services:</b></p> <ul style="list-style-type: none"> <li>• Serves Missouri citizens by directing agency management and providing timely responses to legislative information requests.</li> <li>• Provides legal counsel to the Department on all legal matters and ensures the Department's conservation activities are fully compliant with all appropriate statutes and legal requirements.</li> <li>• Acts as the custodian of records, responds to requests for information through the Missouri Sunshine Law, and develops and implements a flexible biennial audit plan to evaluate and improve the effectiveness of business processes and functions.</li> <li>• Provides administrative and technical services for acquisition and disposal of real estate holdings</li> <li>• Manages environmental and conservation policy development and interagency coordination; conducts reviews of external development projects for impacts to fish, forest, and wildlife resources, including Department lands and programs.</li> <li>• Administers all financial activities of the department including revenue collection, accounts payable, purchasing, accounting, budget and payroll.</li> <li>• Informs and educates Department staff on issues related to business policies created by changes in statutes, rules and regulations.</li> <li>• Provides customer support services responsible for the distribution of hunting and fishing permits statewide to retail businesses for sale to the public and the collection of permit revenue.</li> <li>• Operates the Department's distribution center and warehouse for publications, products, and media loan services</li> <li>• Provides management of the Department's information technology assets, which includes all computer hardware and software systems, telephone systems, two-way radio and other telecommunications systems, and the coordination of those systems with other state agencies.</li> <li>• Defines, designs and implements technology solutions to meet business needs.</li> <li>• Provides strategies and expertise to effectively leverage, deploy and support technology to strategically enable the Department's mission.</li> <li>• Provides staff with continuous improvement training, techniques, tools and resources to adjust processes to consistently strive for operational excellence.</li> </ul>

## PROGRAM DESCRIPTION

**Department of Conservation**

**HB Section(s):** 6.620

**Program Name:** Conservation Business Services

**Program is found in the following core budget(s):** Conservation Business Services

**1b. What does this program do? (continued)**

MDC through **Asset Management and Planning** provides overall oversight of fixed assets to ensure citizen resources are managed wisely.

**Asset Management and Planning:**

- Manages the operations of the department's fleet including maintenance, repair, disposition and replacement of vehicles, aircraft, marine, heavy equipment, ATVs/UTVs and other small mechanical equipment in a cyclical manner based on approved replacement criteria to support ongoing Department research and management activities, including specialized equipment, more fuel efficient vehicles, and greenhouse gas emissions reducing equipment and procures vehicles and equipment to support transportation needs of all staff involved in public meetings and workshops with Missouri citizens and partner organizations.
- Assists in procuring fuel consumed in the vehicles and equipment utilized for department operations and activities (Fuel is shown in the state's budgeting/accounting system under the "SUPPLIES" Budget Object Class rather than "FUEL & UTILITIES" Budget Object Class in the Core Decision Item Detail.)
- Provides fuel consumption and expense updates including key trends regarding department-wide fuel consumption to leadership to monitor progress according to Department goals. As well as provides regular updates on conserving fuel during normal operations that include tips for reducing consumption.
- Provides aerial transportation for personnel for fish and wildlife surveys, forest fire detection and suppression activities, law enforcement patrols, photography, radio telemetry flights for fish and wildlife, and low altitude wildlife surveys.
- Provides office/meeting space for regional salaried and hourly staff, clerical support to staff assigned to individual sites, and greet/meet the public.
- Coordinates infrastructure activities for the Department including engineering, architecture, surveying, construction, facilities maintenance, and statewide infrastructure management.
- Administers the County Aid Road Trust (CART) program to help local partners maintain the public roads leading to Department areas.
- Provides repair and renovation of existing infrastructure as well as small construction projects approved in the expenditure plan.

## PROGRAM DESCRIPTION

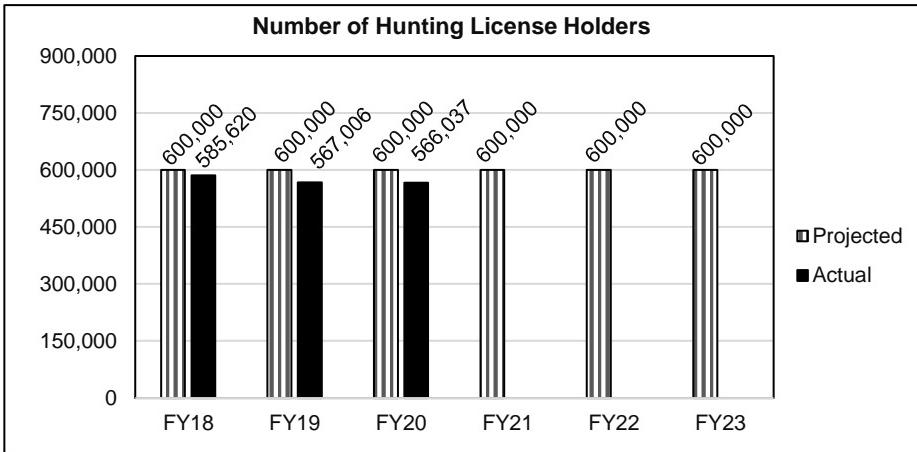

Department of Conservation

HB Section(s): 6.620

Program Name: Conservation Business Services

Program is found in the following core budget(s): Conservation Business Services

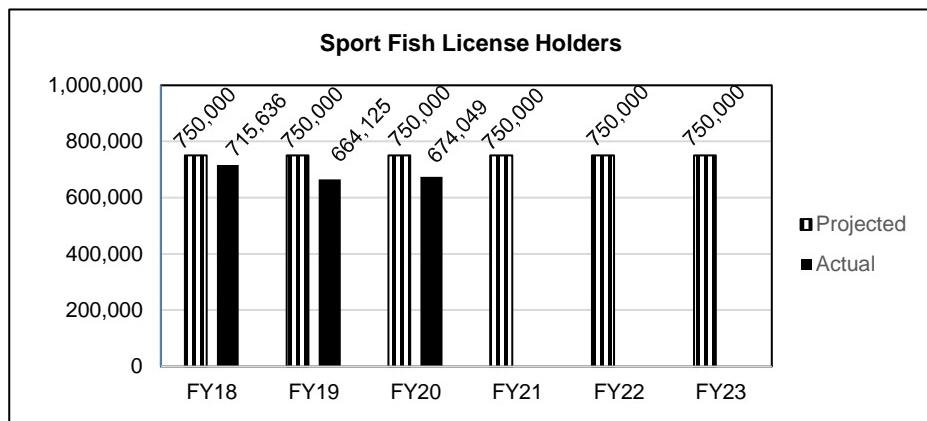

### 2a. Provide an activity measure(s) for the program.

Low permit cost is one more reason Missouri is a great place to hunt and fish. For comparison, Missouri residents pay \$12 for an annual fishing permit, while residents in the eight neighboring states pay an average of \$23.63 for the same privileges. Missouri's \$17 Resident Any-Deer Permit is a bargain compared to the average of \$60.94 for equivalent privileges in surrounding states.

Last year, the Department provided over 689,000 free landowner deer or turkey hunting permits.

Using the most recent U.S. Fish and Wildlife Service data (2013 calculation year), Missouri ranks 10th in paid hunting license holders among all states (TX, PA, MI, WI, NY, MN, TN, AL, NC, MO). Compared to the eight states that border Missouri, only Tennessee has more paid hunting license holders than Missouri.

Also using the same source, Missouri ranked 10th in paid fishing license holders among all states (TX, CA, MN, WI, FL, NC, MI, PA, NY, MO). Compared to the eight states that border Missouri, no other state has more paid fishing license holders than Missouri.

Program Name: Conservation Business Services

Program is found in the following core budget(s): Conservation Business Services

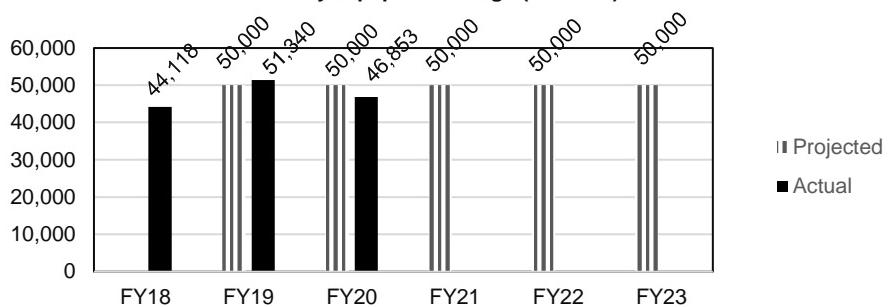

### 2a. Provide an activity measure(s) for the program. (continued)

"Green Belt" Trained Staff in Continuous Improvement

This is a new measure, with data available for FY19. The number of staff who are "green belt" trained in process improvement techniques will increase.

Heavy Equipment Usage (in hours)

Heavy equipment usage reduced in construction from lack of appropriation authority in FY18

## PROGRAM DESCRIPTION

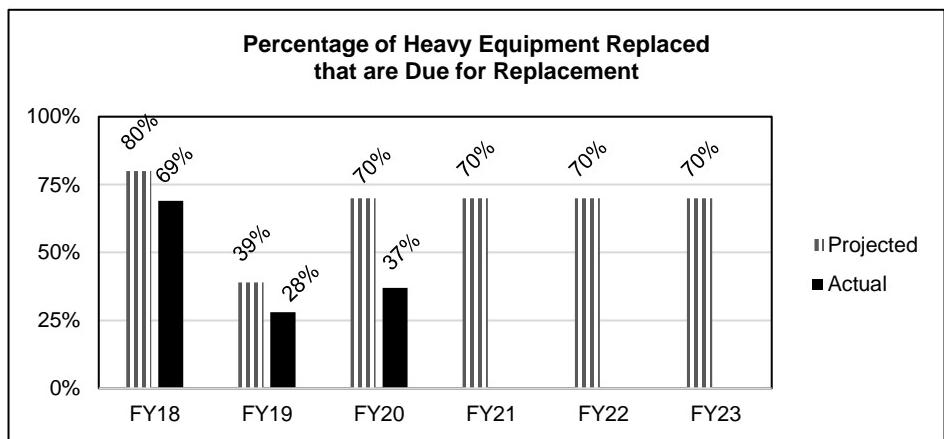

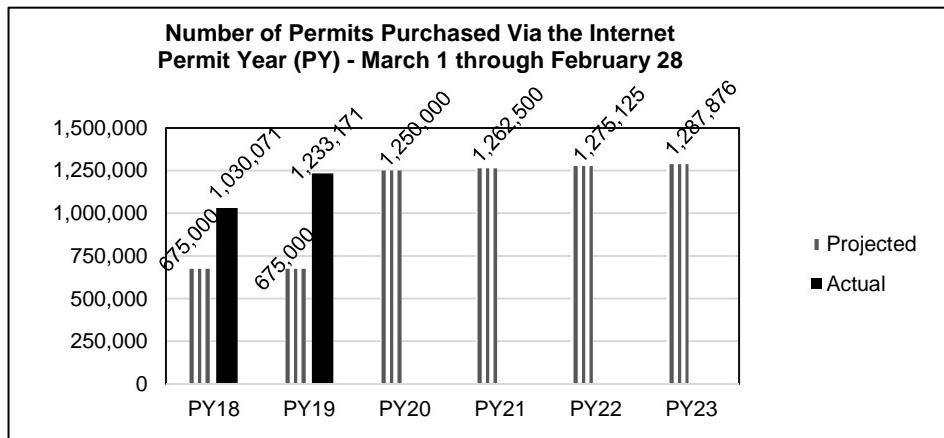

Department of Conservation

HB Section(s): 6.620

Program Name: Conservation Business Services

Program is found in the following core budget(s): Conservation Business Services

### 2b. Provide a measure(s) of the program's quality.

## PROGRAM DESCRIPTION

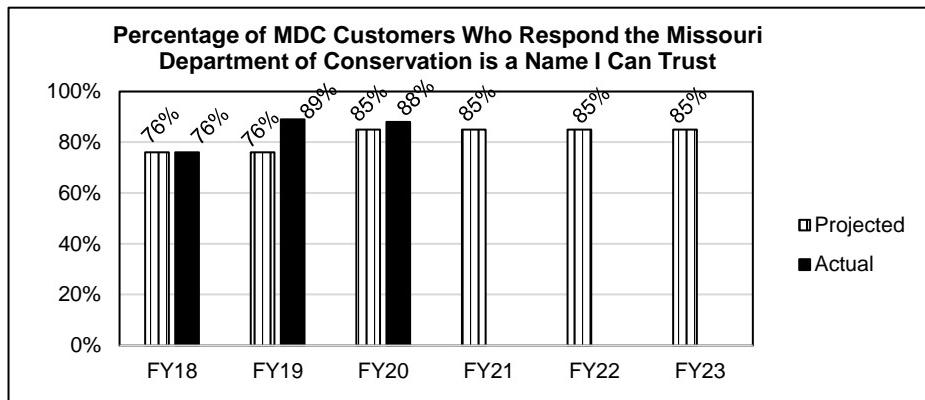

Department of Conservation

HB Section(s): 6.620

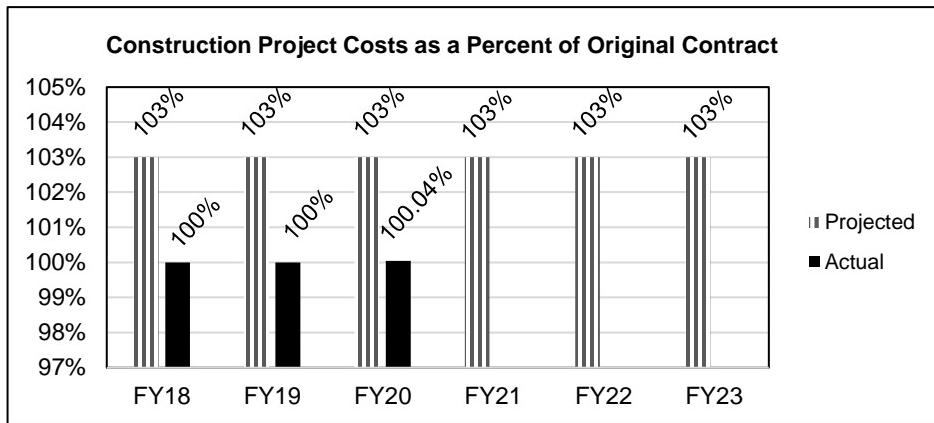

Program Name: Conservation Business Services

Program is found in the following core budget(s): Conservation Business Services

### 2c. Provide a measure(s) of the program's impact.

Survey of participants using MDC programs and/or services.

The goal is to have actual project costs not exceed the original contract amount by more than 3%, which is less than the industry average of 5%. The 3% allows for unforeseen conditions and other changes necessary to complete the project. This measure compares the final construction cost with the original amount of all projects that were completed during the fiscal year. This measure demonstrates the final average cost of the construction projects regardless of when they were awarded. A fiscal year performance measure below the target amount of 103% exceeds the goal.

## PROGRAM DESCRIPTION

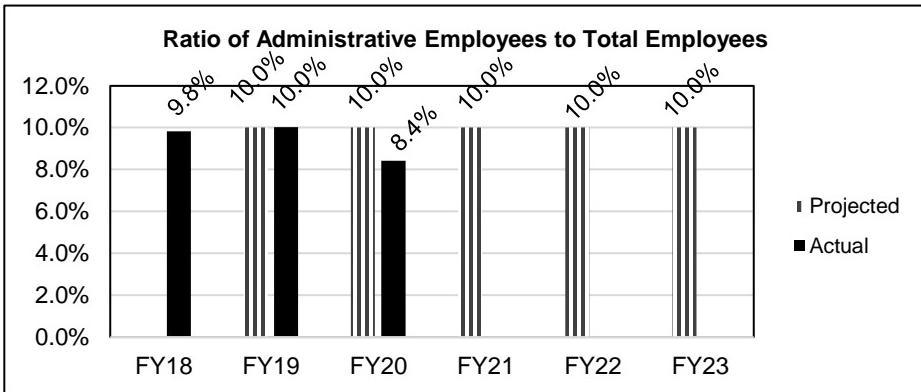

Department of Conservation

Program Name: Conservation Business Services

Program is found in the following core budget(s): Conservation Business Services

### 2d. Provide a measure(s) of the program's efficiency.

The measure was new in FY19 and projections were not made for FY18.

The measure was new in FY19 and projections were not made for FY18.

## PROGRAM DESCRIPTION

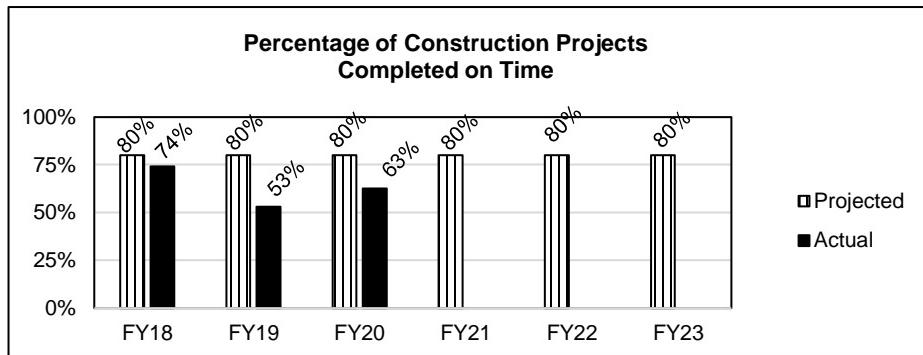

Department of Conservation

HB Section(s): 6.620

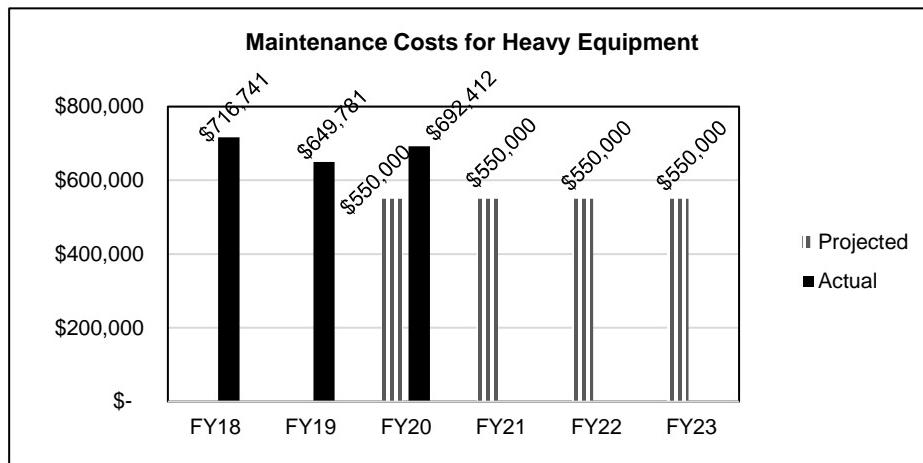

Program Name: Conservation Business Services

Program is found in the following core budget(s): Conservation Business Services

### 2d. Provide a measure(s) of the program's efficiency. (continued)

On-time Performance - The goal is to meet the project timeframe specified in the construction contract at least 80% of the time. (20% allows for extreme weather, unexpected site conditions, disasters, and unforeseen circumstances during the construction project.) This measures the percentage of construction projects that were completed within the original project time frame specified and any agreed upon extensions.

## PROGRAM DESCRIPTION

PROGRAM DESCRIPTION	
<b>Department of Conservation</b>	HB Section(s): <u>6.625</u>
<b>Program Name:</b> Staff Development & Benefits	
<b>Program is found in the following core budget(s):</b> Staff Development & Benefits	
<p><b>1a. What strategic priority does this program address?</b>            Maintain public trust</p> <p><b>1b. What does this program do?</b>            MDC strives to be a leader in conservation by attracting, developing and retaining a high-performing talented workforce that can provide Missourians with conservation resources. To be a leader in conservation, MDC believes employee recruitment and development is crucial to achieving its goals. Employee recruitment and development includes Recruitment and Retention; Rewards and Recognition; Compensation and Benefits; Performance Management; and Employee Development. MDC coordinates activities to maintain a sustainable Total Rewards program, which continues to attract and retain a high-performing talented workforce. Total Rewards includes all compensation including salaries, health insurance, retirement, and other benefits.</p> <p><b>Recruitment and Retention (includes Tuition Reimbursement, Internship Program, and Workforce Diversity)</b>            Provides a challenging work environment that encourages employees to seek opportunities to further their career through various avenues. Programs include advanced education through tuition reimbursement and paid internships to college students to prepare them for potential full-time employment. These programs also encourage and foster a culture that values diversity while attaining compliance with Federal and State Laws, and Executive Orders regarding equal opportunity and diversity.</p> <p><b>Rewards and Recognition</b>            The Department identifies and recognizes salaried employees for their dedicated years of service and outstanding contributions. Recognition and awards are based on years of service, special achievements, exemplary performance and/or other significant contributions. These programs are important for employee retention, increasing employee motivation and morale, and building a positive and collaborative workplace.</p> <p><b>Compensation and Benefits</b>            Funds from the Commission's contribution to the employee health insurance program. The Commission pays 68% of employee health insurance premiums and up to 35% of retiree health insurance premiums. The program is designed to enhance the health and welfare of the Department's employees, retirees, and their dependents while maintaining the viability of the Plan. The Department provides employees with opportunities for improved physical and mental well-being through utilization of wellness incentives and programs including health screens and the employee assistance program (EAP).</p> <p><b>Performance Management</b>            The Department's Strategic Plan, Design for the Future, outlines a 21st Century Conservation Model for Success to ensure the Department continues to be a leader in conservation. An important part of the plan is that Missouri is a recognized leader in conservation supported by a diverse and skilled workforce. As part of its goals, MDC developed a Performance Management Team which successfully implemented the following objectives: redesigned the Performance Appraisal process, implemenedt a Commission-approved salary plan to include performance pay, revamped the Individual Development Plan (IDP), and reviewed non-monetary rewards.</p>	

## PROGRAM DESCRIPTION

**Department of Conservation**

**HB Section(s):** 6.625

**Program Name:** Staff Development & Benefits

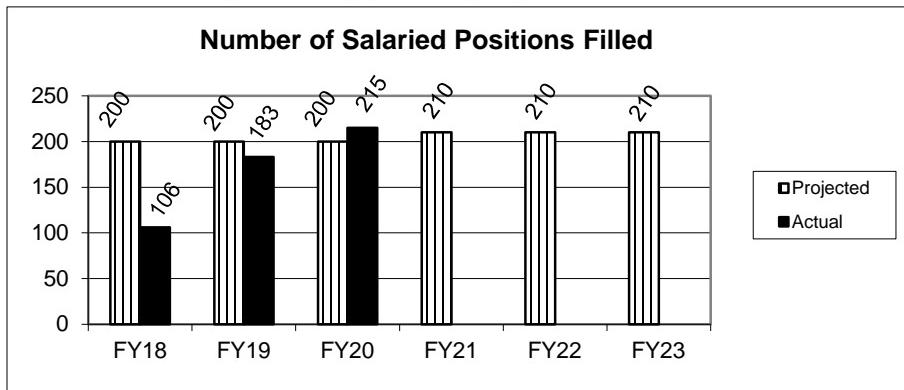

**Program is found in the following core budget(s):** Staff Development & Benefits

**1b. What does this program do? (continued)**

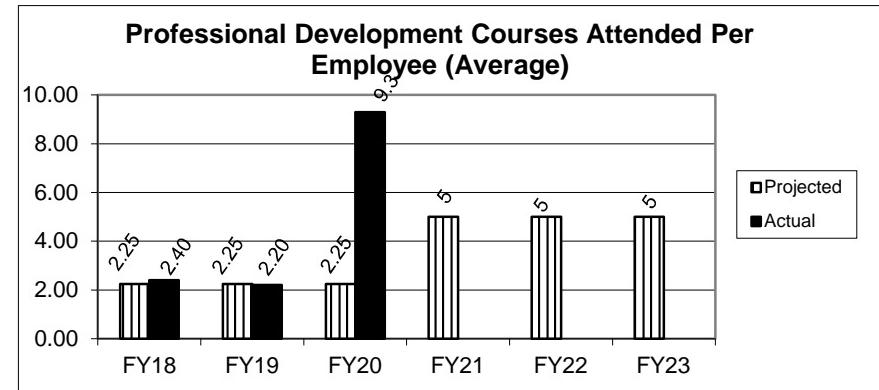

**Employee Development**

The Department promotes individual and organizational programs that foster employee development and enrichment. Employees are offered a variety of learning and training opportunities that provide staff with the knowledge and tools to excel at their jobs which include technical, supervisory, managerial, leadership, team building, communication and customer service classes. Additionally, the Department provides employee safety training courses, including effective use of equipment based on individual job requirements. Employee professional development is an integral part of the Design for the Future to promote a culture of continuous improvement.

**2a. Provide an activity measure(s) for the program.**

The Department's promise to serve the public extends beyond our goal to provide exceptional public service by recruiting, developing and retaining a diverse and skilled workforce. Cost per hire (total internal costs+external recruiting costs/total number of hires in a given time frame) for salaried employees is approximately \$1,500 which is significantly less than the industry benchmarks of \$4,000 as reported from the Society of Human Resources Management (SHRM).

The Department's Professional Development courses include technical, supervisory and managerial, leadership, team building, communication, and customer service classes. The Department is implementing the Leadership Development Rule (LDR) for all supervisors. LinkedIn Learning and virtual courses have impacted the availability of employees to attend training.

## PROGRAM DESCRIPTION

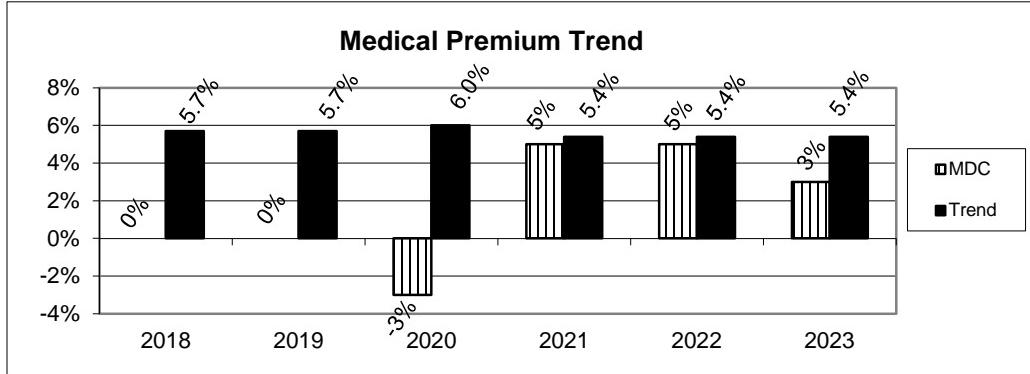

**Department of Conservation**

**HB Section(s):** 6.625

**Program Name:** Staff Development & Benefits

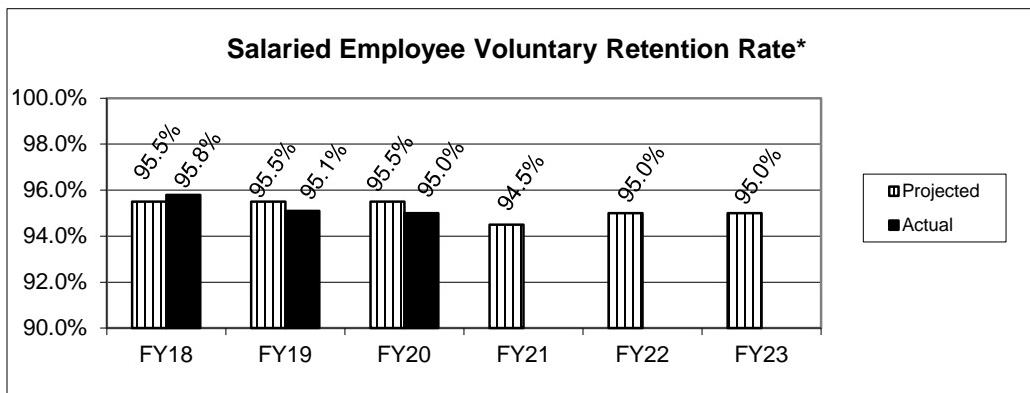

**Program is found in the following core budget(s):** Staff Development & Benefits

**2b. Provide a measure(s) of the program's quality.**

The CEBP Board of Trustees is committed to proactive management of this valuable benefit to Department employees and retirees which includes management of a self-sustaining and financially sound plan. The Board maintains a continued focus on the importance of member responsibility, consumerism, and wellness initiatives. As a result of these efforts, the Plan's performance from 2015 through 2020 has allowed for little or no increase to be applied. Premium changes include: 0% in 2015, 2% in 2016, 0% in 2017, 2018, and 2019. In 2020, the performance of the Plan prompted an unprecedented 3% premium decrease. In 2021, the increase in pharmacy trend, primarily in the area of specialty medications, prompted a 5% premium increase. The majority of the Plan's premium changes have remained well below national averages ranging from 5.4% to 6.2% as reported by Price Waterhouse Cooper.

**2c. Provide a measure(s) of the program's impact.**

According to the Office of Administration's Division of Personnel 2018 Annual Report, the Department's voluntary retention rate is one of the highest of all Missouri state agencies.

\*Does not include retirements.

## PROGRAM DESCRIPTION

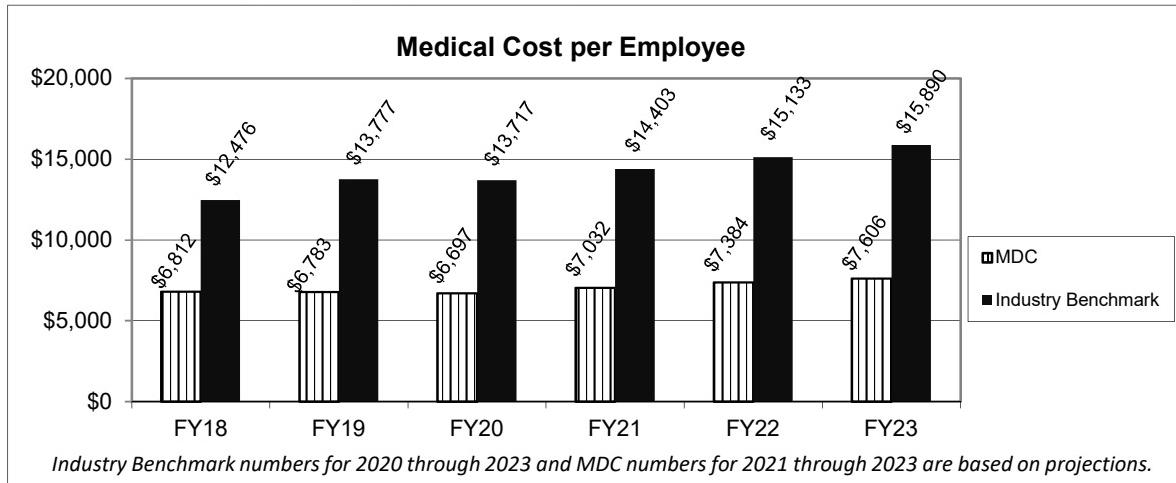

**Department of Conservation**

**HB Section(s):** 6.625

**Program Name:** Staff Development & Benefits

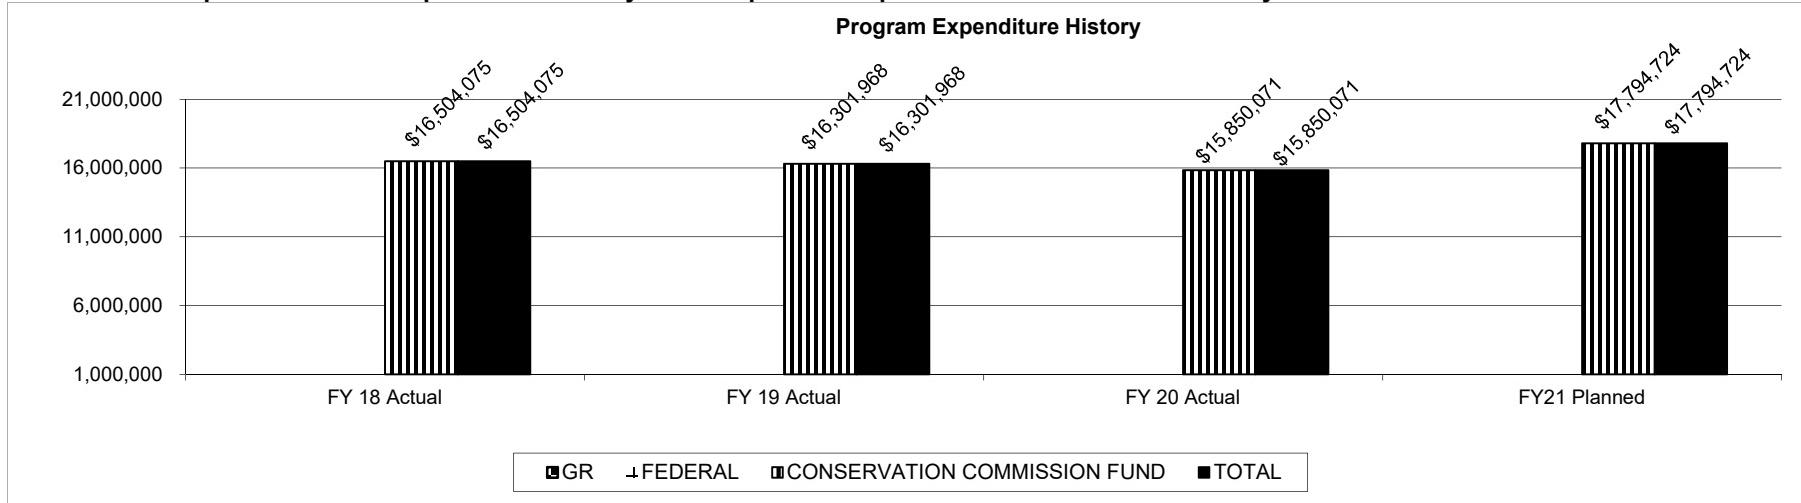

**Program is found in the following core budget(s):** Staff Development & Benefits

**2d. Provide a measure(s) of the program's efficiency.**

Based on analysis provided by Willis Towers Watson, the Department's medical plan performance overall has proven more efficient than the Government/Public Sector/Industry by 19% and 26% in 2018, and 2019 respectively. Industry Benchmark numbers for 2020 through 2023 and MDC numbers for 2021 through 2023 are based on projections. These numbers reflect employer premium contributions.

**3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.**
